DUISBURG
am Rhein

Sören Link,
Mayor of Duisburg

»As a cosmopolitan port city,
Duisburg can look back on a long
tradition of welcoming guests
in the most agreeable fashion.

Find out for yourself and discover
the vitality, openness and hospitality
of the people who live in our city
on the Rhine and Ruhr.«

Duisburg is pulsating

This centrally located city sits between the Lower Rhine and the Ruhr region

The unbeatable advantage of Duisburg as a destination is its outstanding accessibility from all directions. The city that boasts the world's largest inland port is an important European logistics hub and transport interchange between motorway and rail. Düsseldorf Airport is just eight minutes away by train.

Duisburg is a city in motion. It pulsates between the Lower Rhine, Ruhr region and Rhine rail corridor, providing an incomparable selection of locations for conferences, congresses, trade fairs or incentive events.

Whether you are seeking an idyllic rural hotel, a state-of-the-art VIP lounge or wish to organise a meeting in the machine hall of a former ironworks, in Duisburg you are spoilt for choice!

Duisburg is out and about

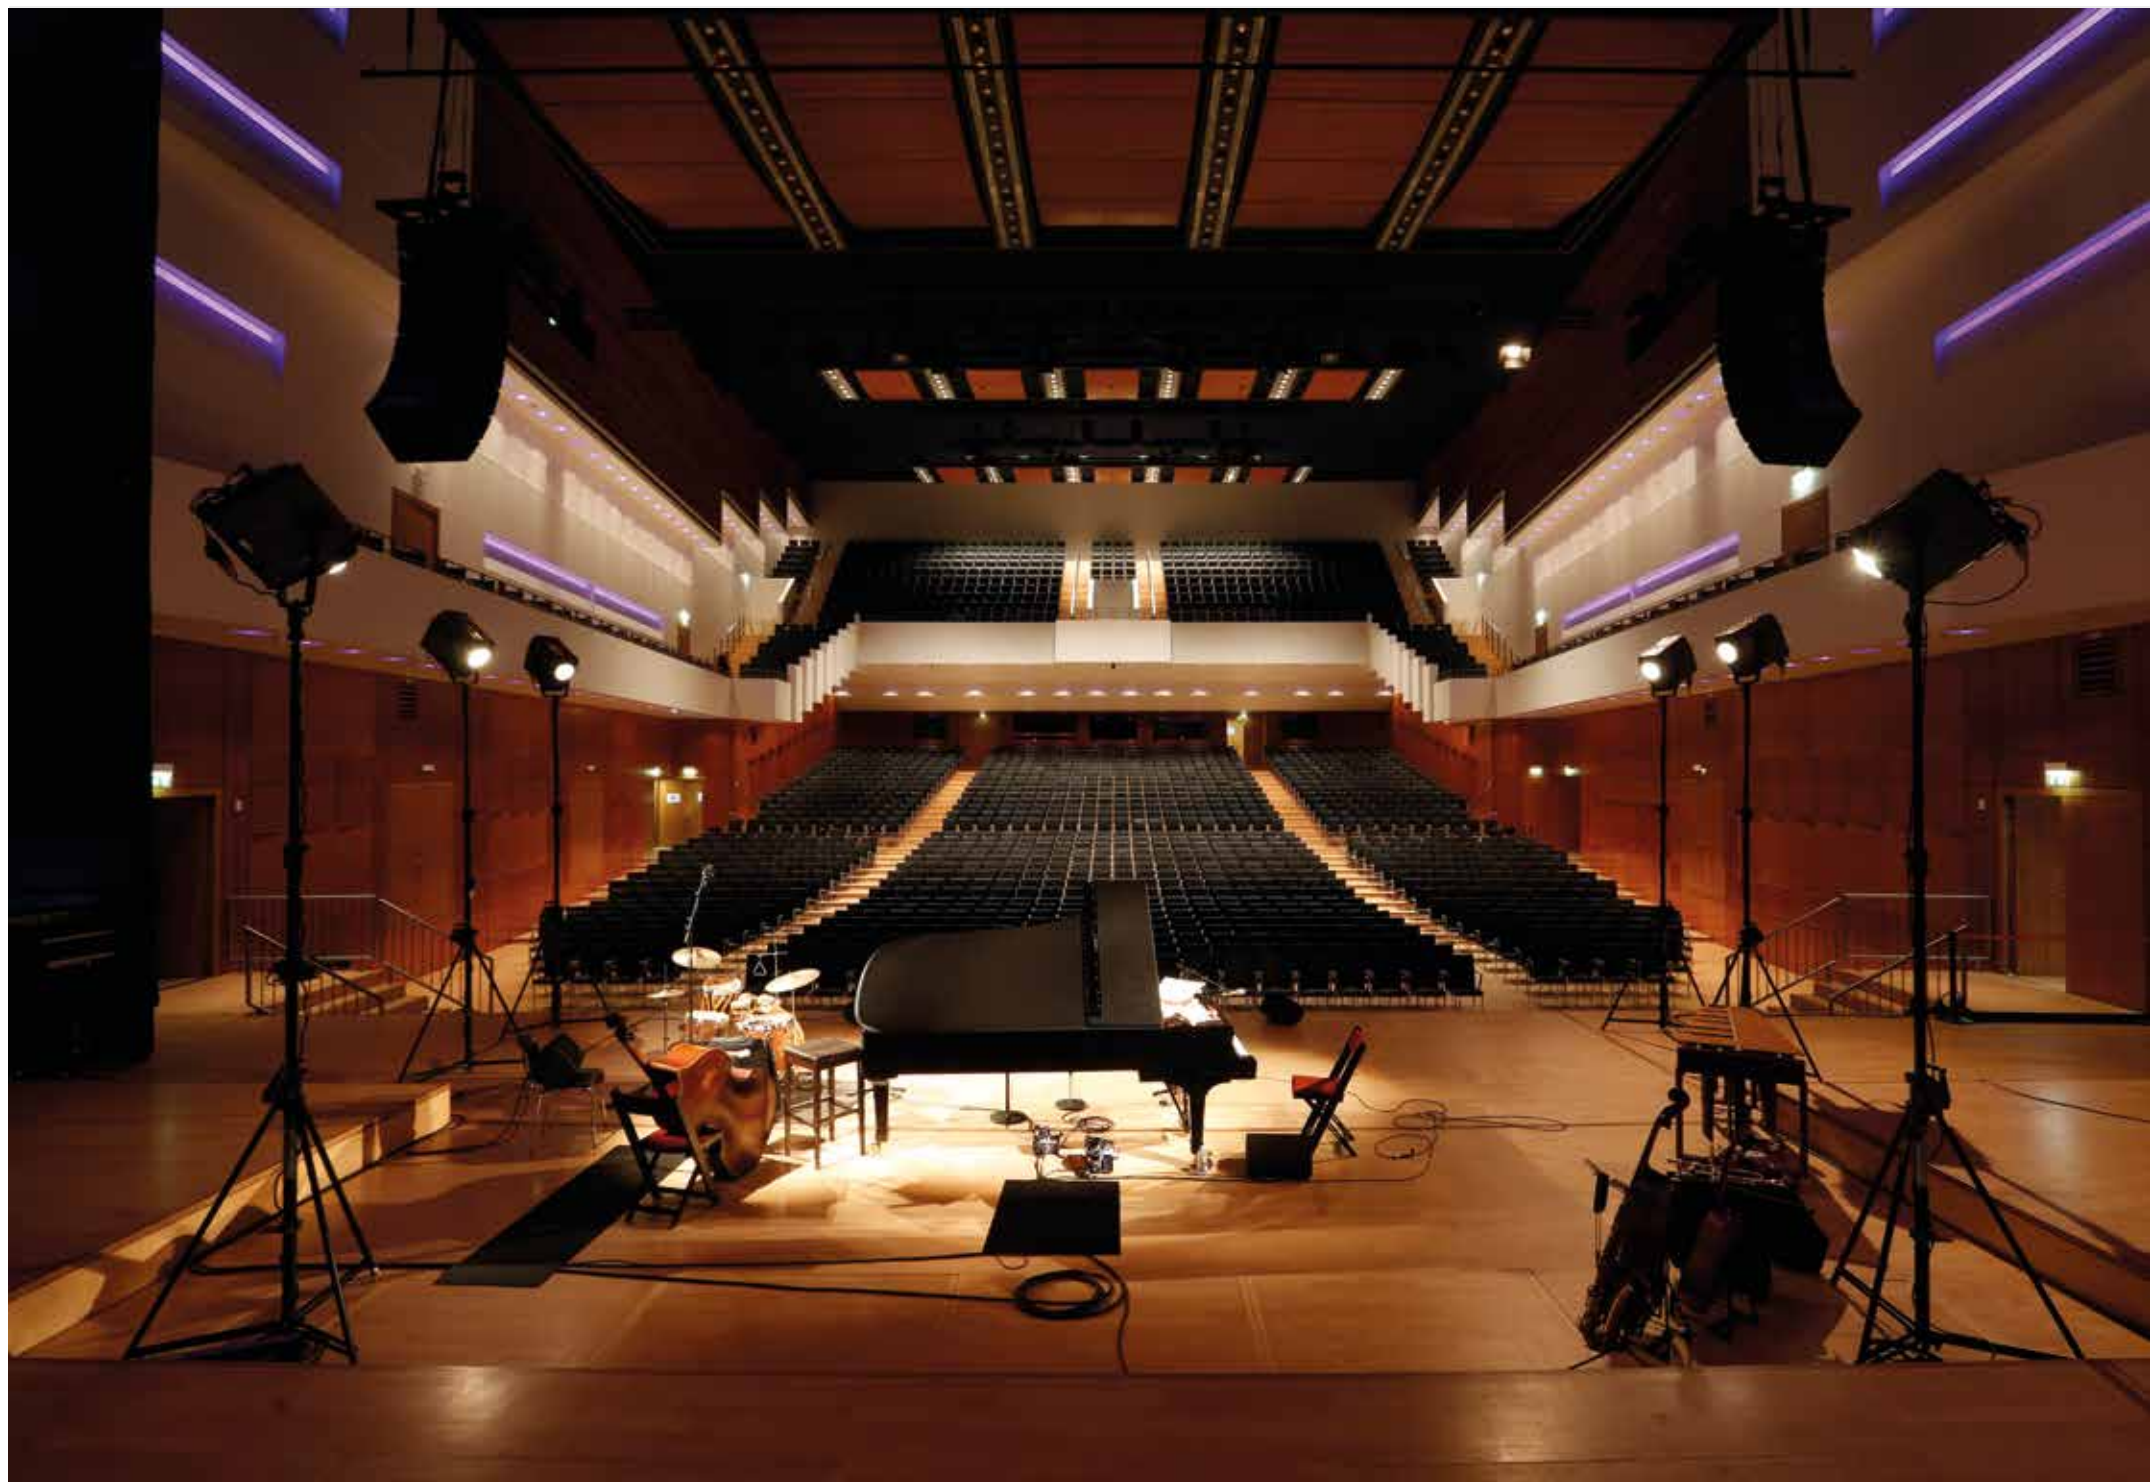

Lakes, forests, industrial culture, festivals and high culture

Wow your guests! Millions of people flock to the former collieries and ironworks in the Ruhr region every year. In Duisburg itself, the main attractions are the Landschaftspark-Duisburg-Nord, featuring its furnace towers and machine halls, the spectacular Tiger & Turtle 'walkable roller coaster' and Duisburg's Inner Harbour, with its numerous inviting waterside bars and restaurants.

The Deutsche Oper am Rhein and the Duisburg Philharmoniker offer a highly cultured experience of global renown. Duisburg's museum landscape, meanwhile, is equally refined and impressive.

Few other cities in Germany have as many green spaces and bodies of water as Duisburg. The range of outdoor leisure activities for sports fans and nature lovers is just as diverse.
